# Custom Colors

If you're looking for a one-of-a-kind color for your fixtures, Precision Architectural Lighting's computer-aided color matching technique allows for precise color reproduction utilizing a durable, high-quaility powder coat. Whether you specify an RAL color or supply your own finish sample for color-matching, your custom choice combines lasting beauty with surprising affordability.
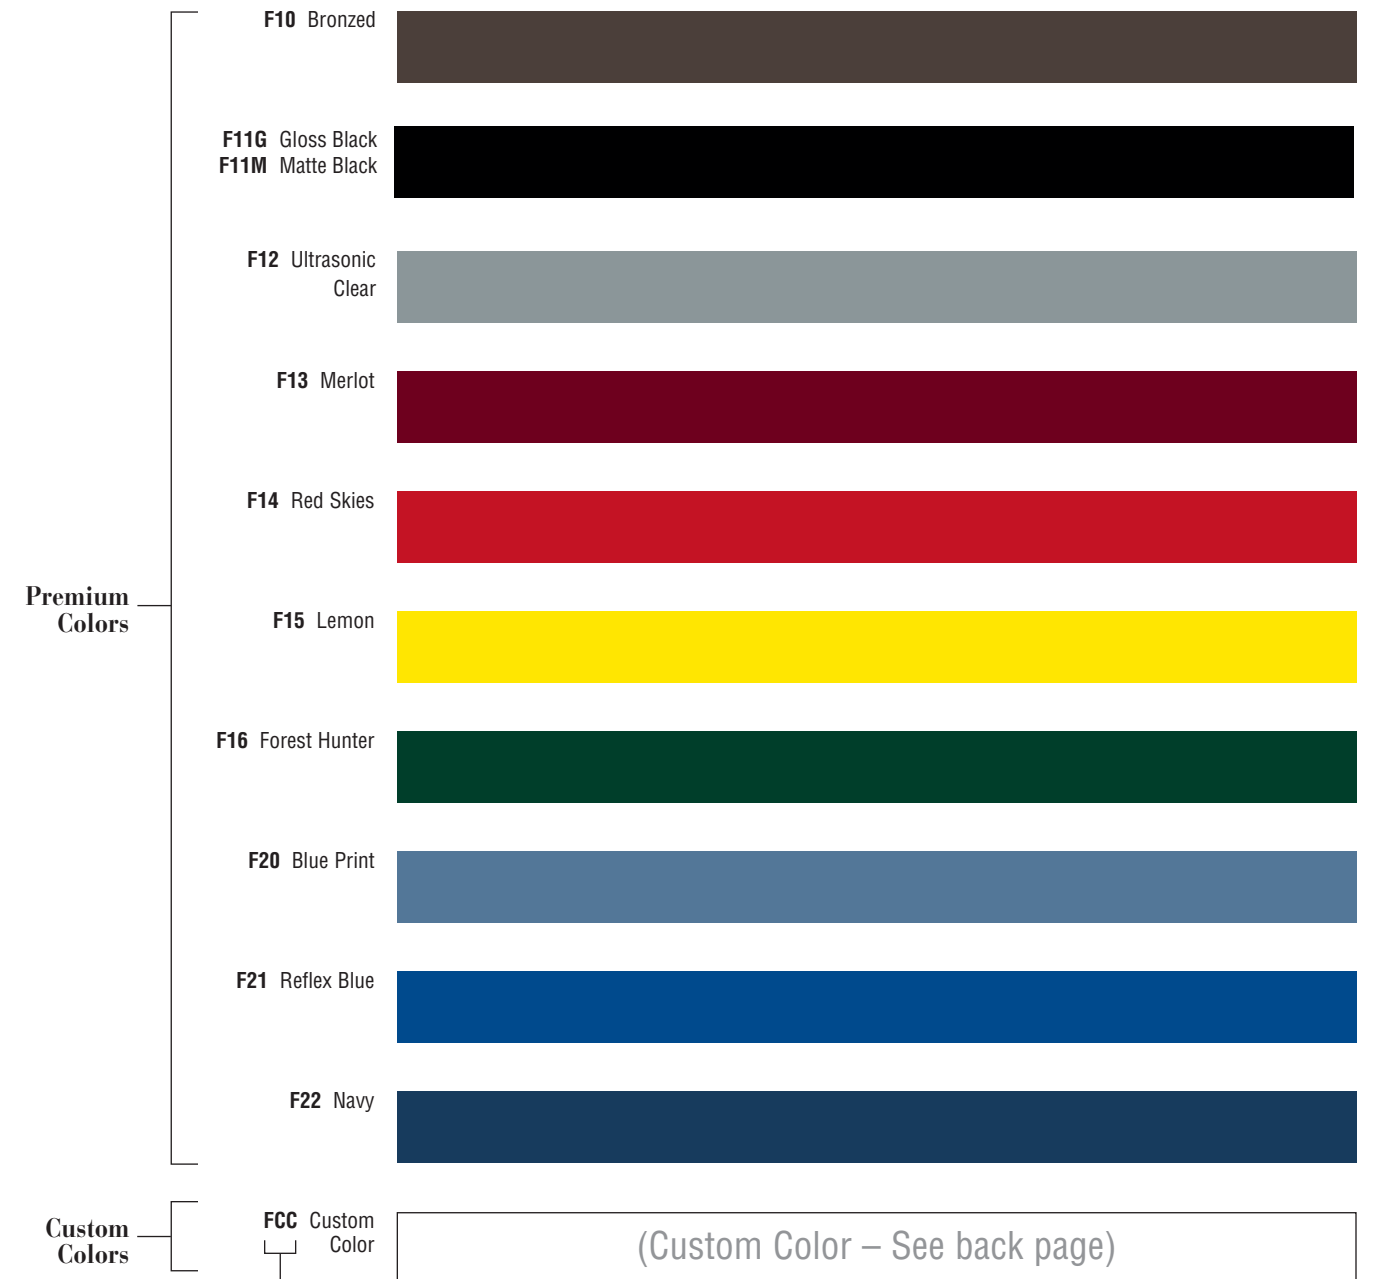

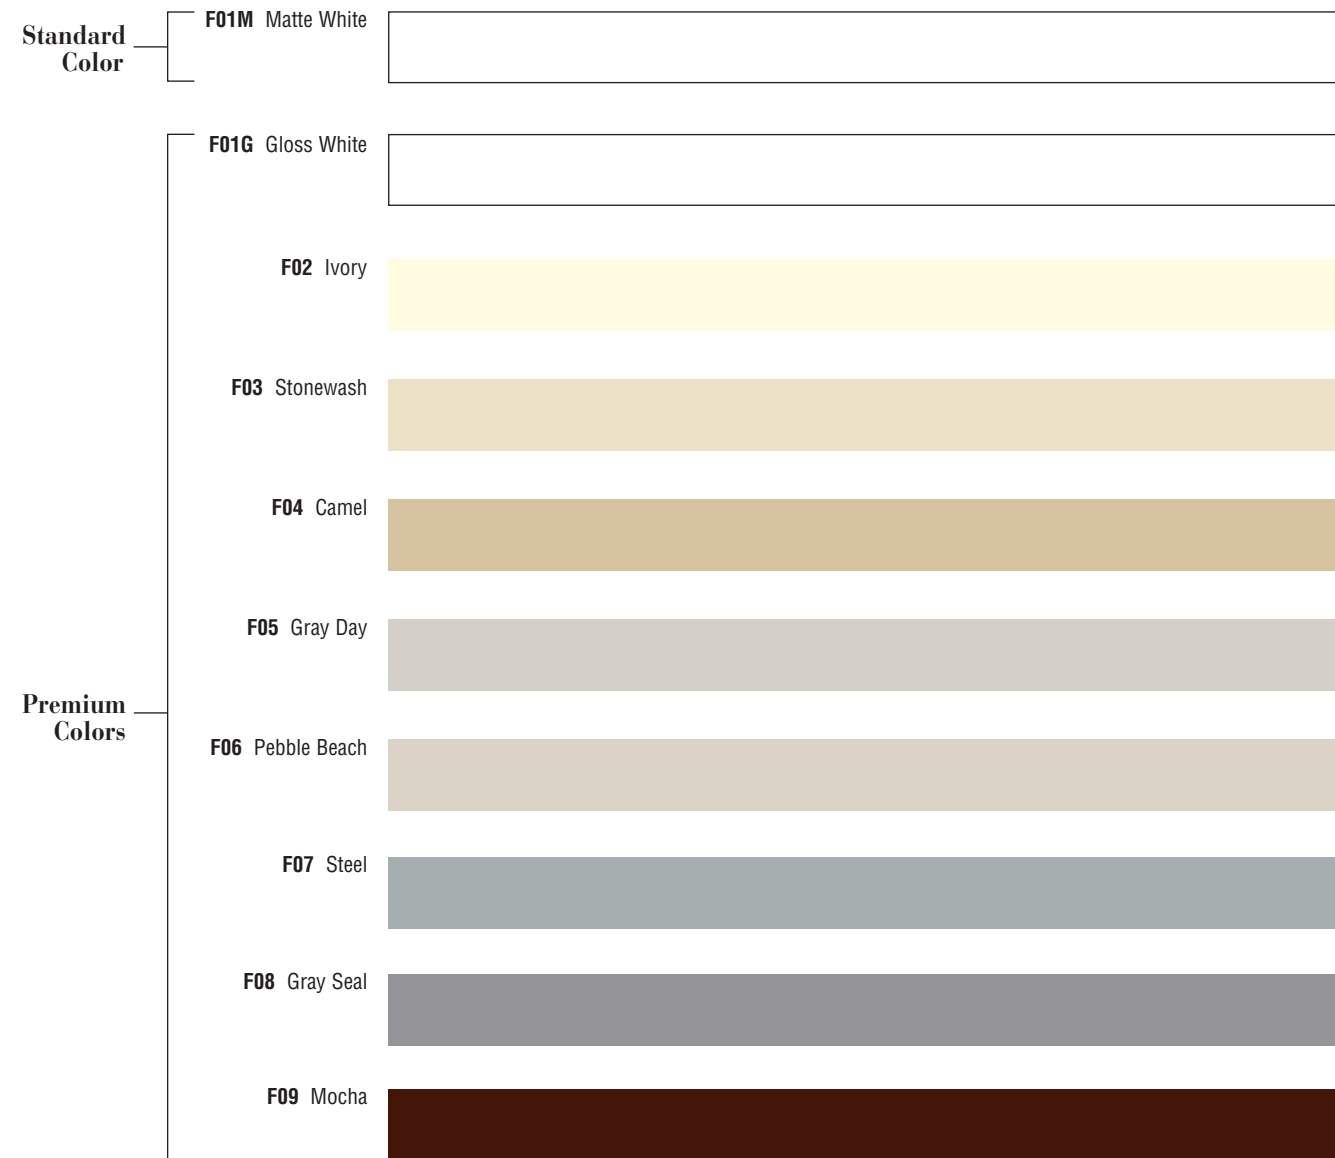

PAL

Precision Architectural Lighting

When ordering fixtures from Precision Architectural Lighting, choose from fourteen neutral tones designed to complement any décor, or make a noticeable statement with one of seven brilliant colors. The powder coatings are electrostatically applied for a uniform, attractive and lasting finish. You'll appreciate their added durability which helps protect during shipping, installation and for the life of the product.
